INTRODUCTION

Alpha Childcare is passionate about child development and its different stages. For over 20 years, we've thrived on seeing children grow and develop their skills for the future. There is a saying that "It takes a village to raise a child" and we will see it as a privilege to be a part of your child's life and nurturing the next generation.

Alpha Childcare offers a high standard of care for children between three months to 12 years. We aim to provide top quality, professional and affordable childcare in our purpose designed facility with first class resources and highly qualified and experienced staff. Our staff will continually update their qualifications to keep up to date with current changes in government legislation.

An Enhanced DBS check is carried out on all staff on their enrolment and is kept updated regularly. The staff ratio is abided by the guidelines set to us by Ofsted. We offer year-round provision and a flexible schedule to meet your child's needs. You will need to complete both the registration and contact form before we can allocate a place.
